Highlights

Introduction to the Audiovisual IFI

Cash Rebate Incentive for International Productions in Chile.

Audiovisual IFI

A new Cash Rebate program designed to encourage foreign investment in Chile's audiovisual sector.

Financial Benefits

Provides refund of up to 30% of investments made in Santiago and up to 40% in other regions of the country.

Broad Applicability

Targeted at feature films and fiction or documentary series involving foreign investments in Chile.

Filming in Chile

Geographical Advantage and Scenic Diversity

Chile offers an extraordinary variety of landscapes and climates

- Arid and mysterious **deserts**.
- **Fertile** and productive **valleys**.
- Vast coastal **beaches**.
- **Native** and biodiverse **forests**.
- **Wetlands** rich in wildlife.
- Crystal-clear **lakes and rivers**.
- Majestic **glaciers**
- Towering **mountain** ranges.

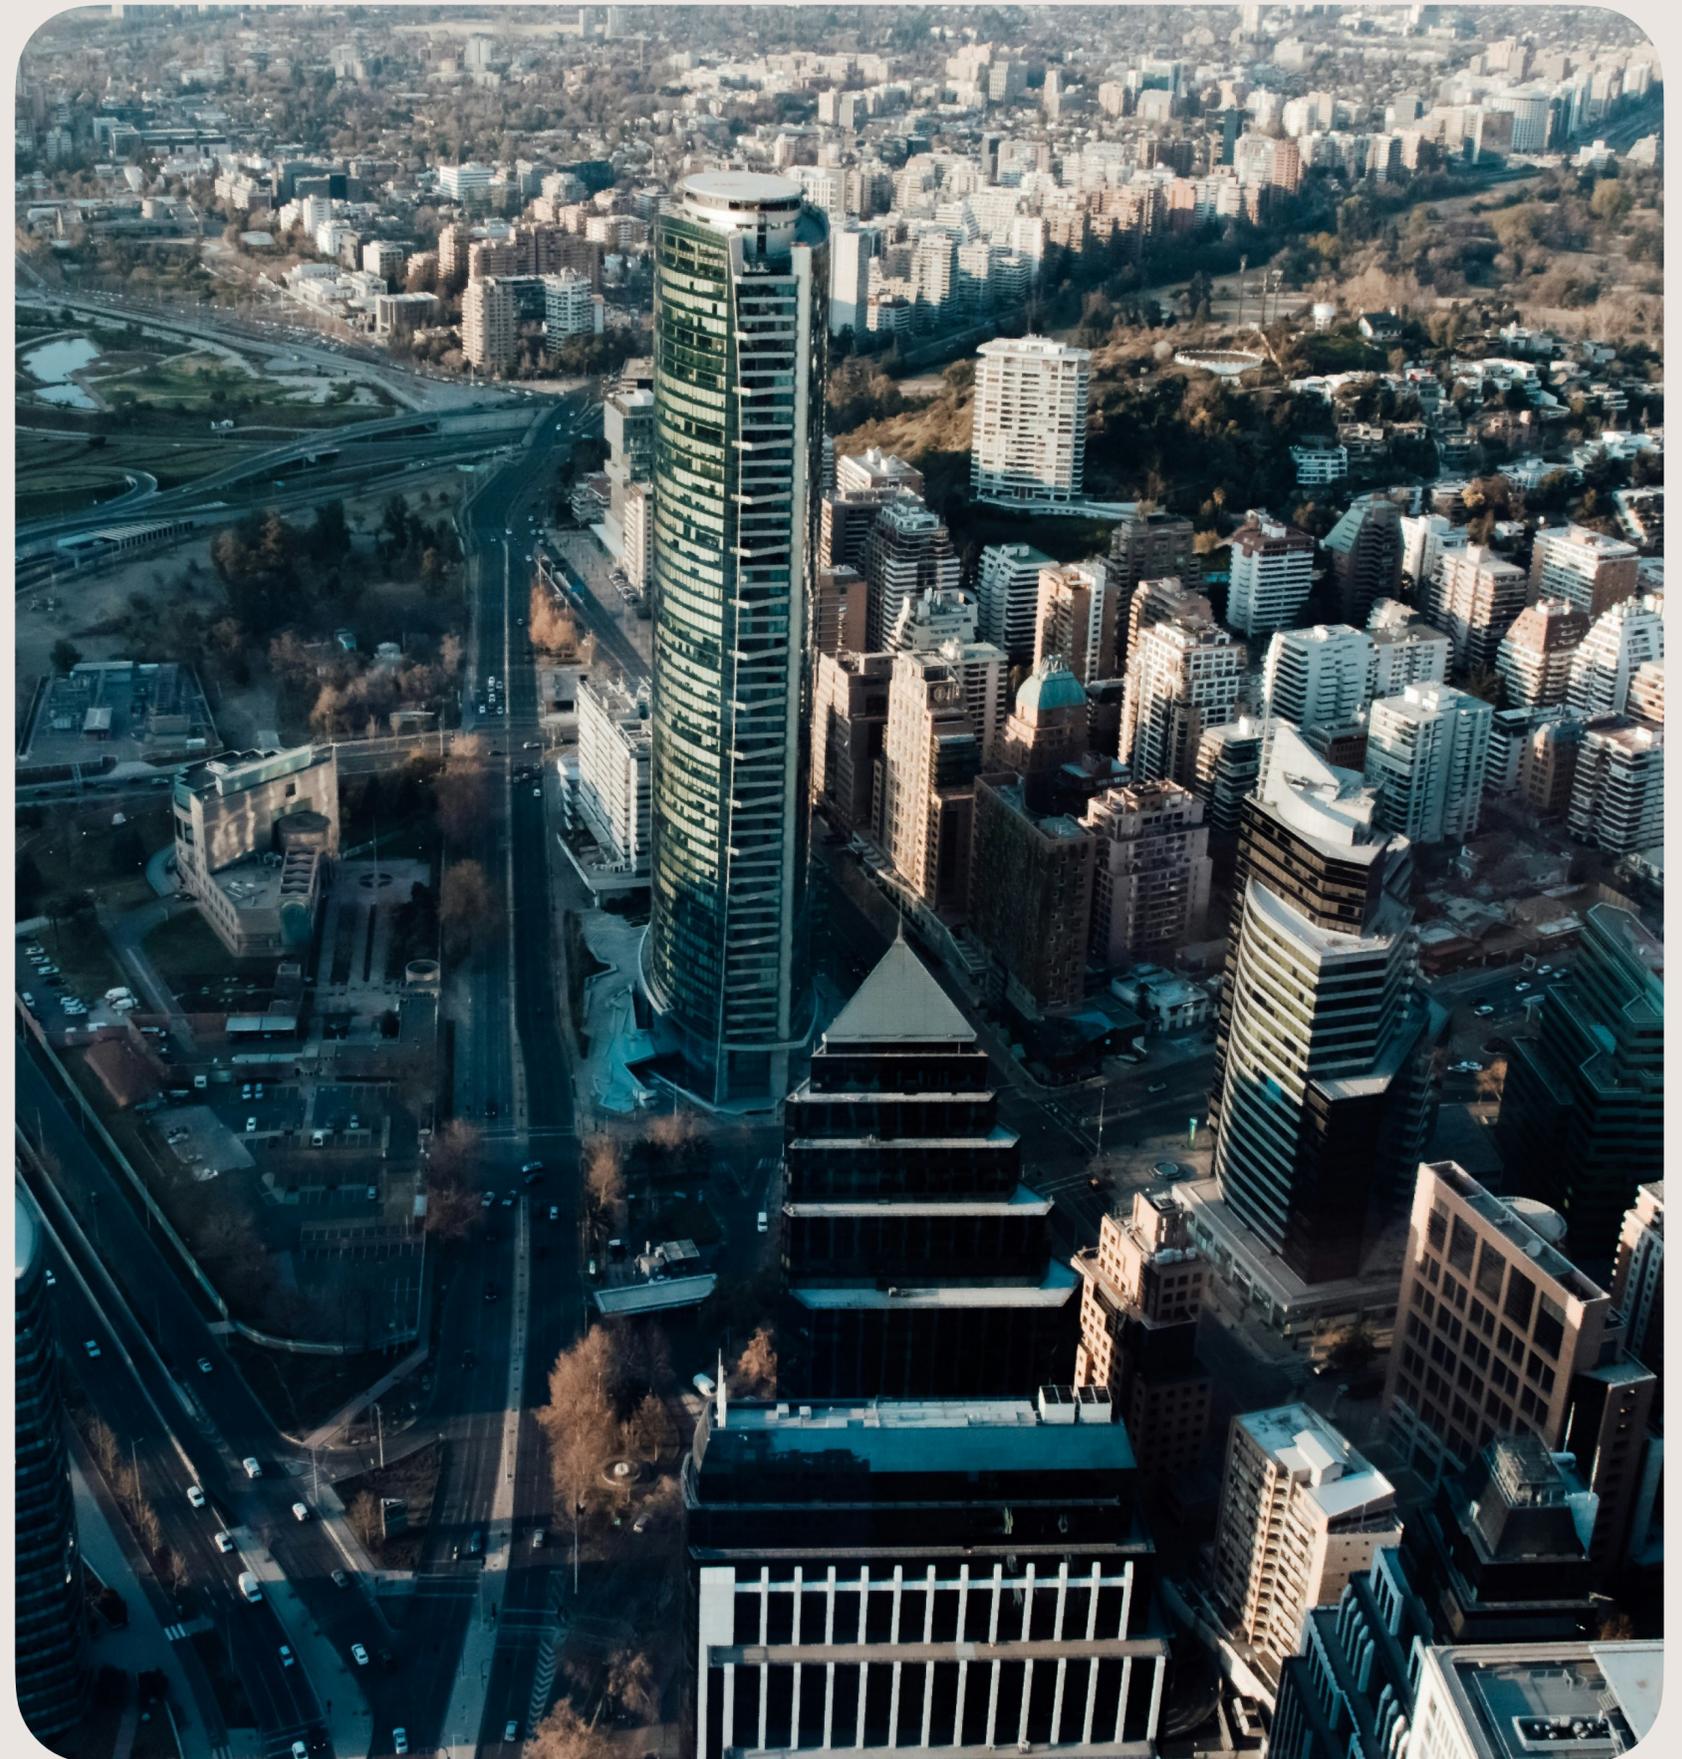

This diverse array of natural settings allows productions to take place in varied locations without the need for extensive travel.

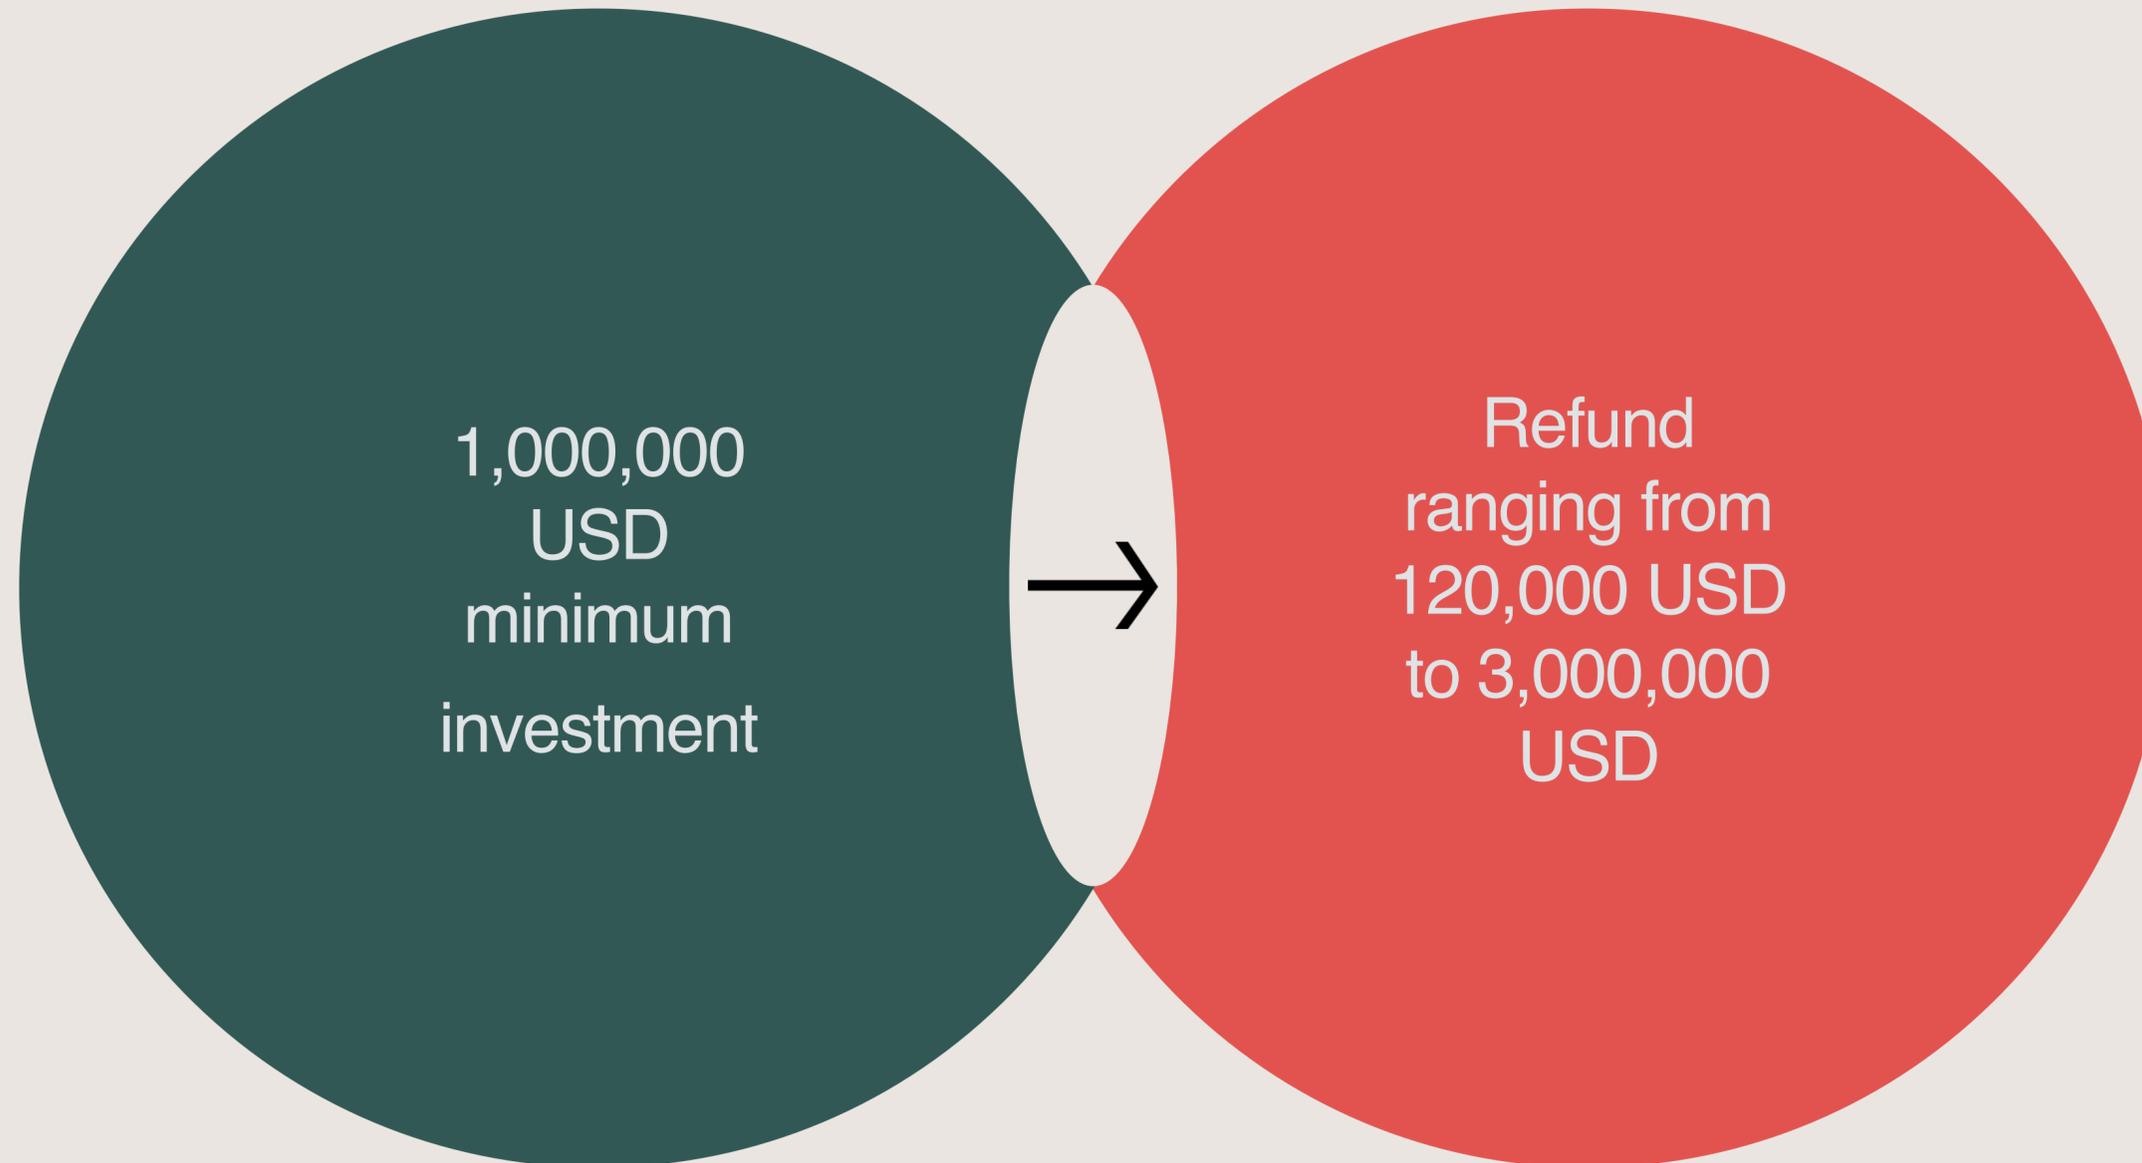

Filming in Chile

Stable Currency and Low-Risk Economy

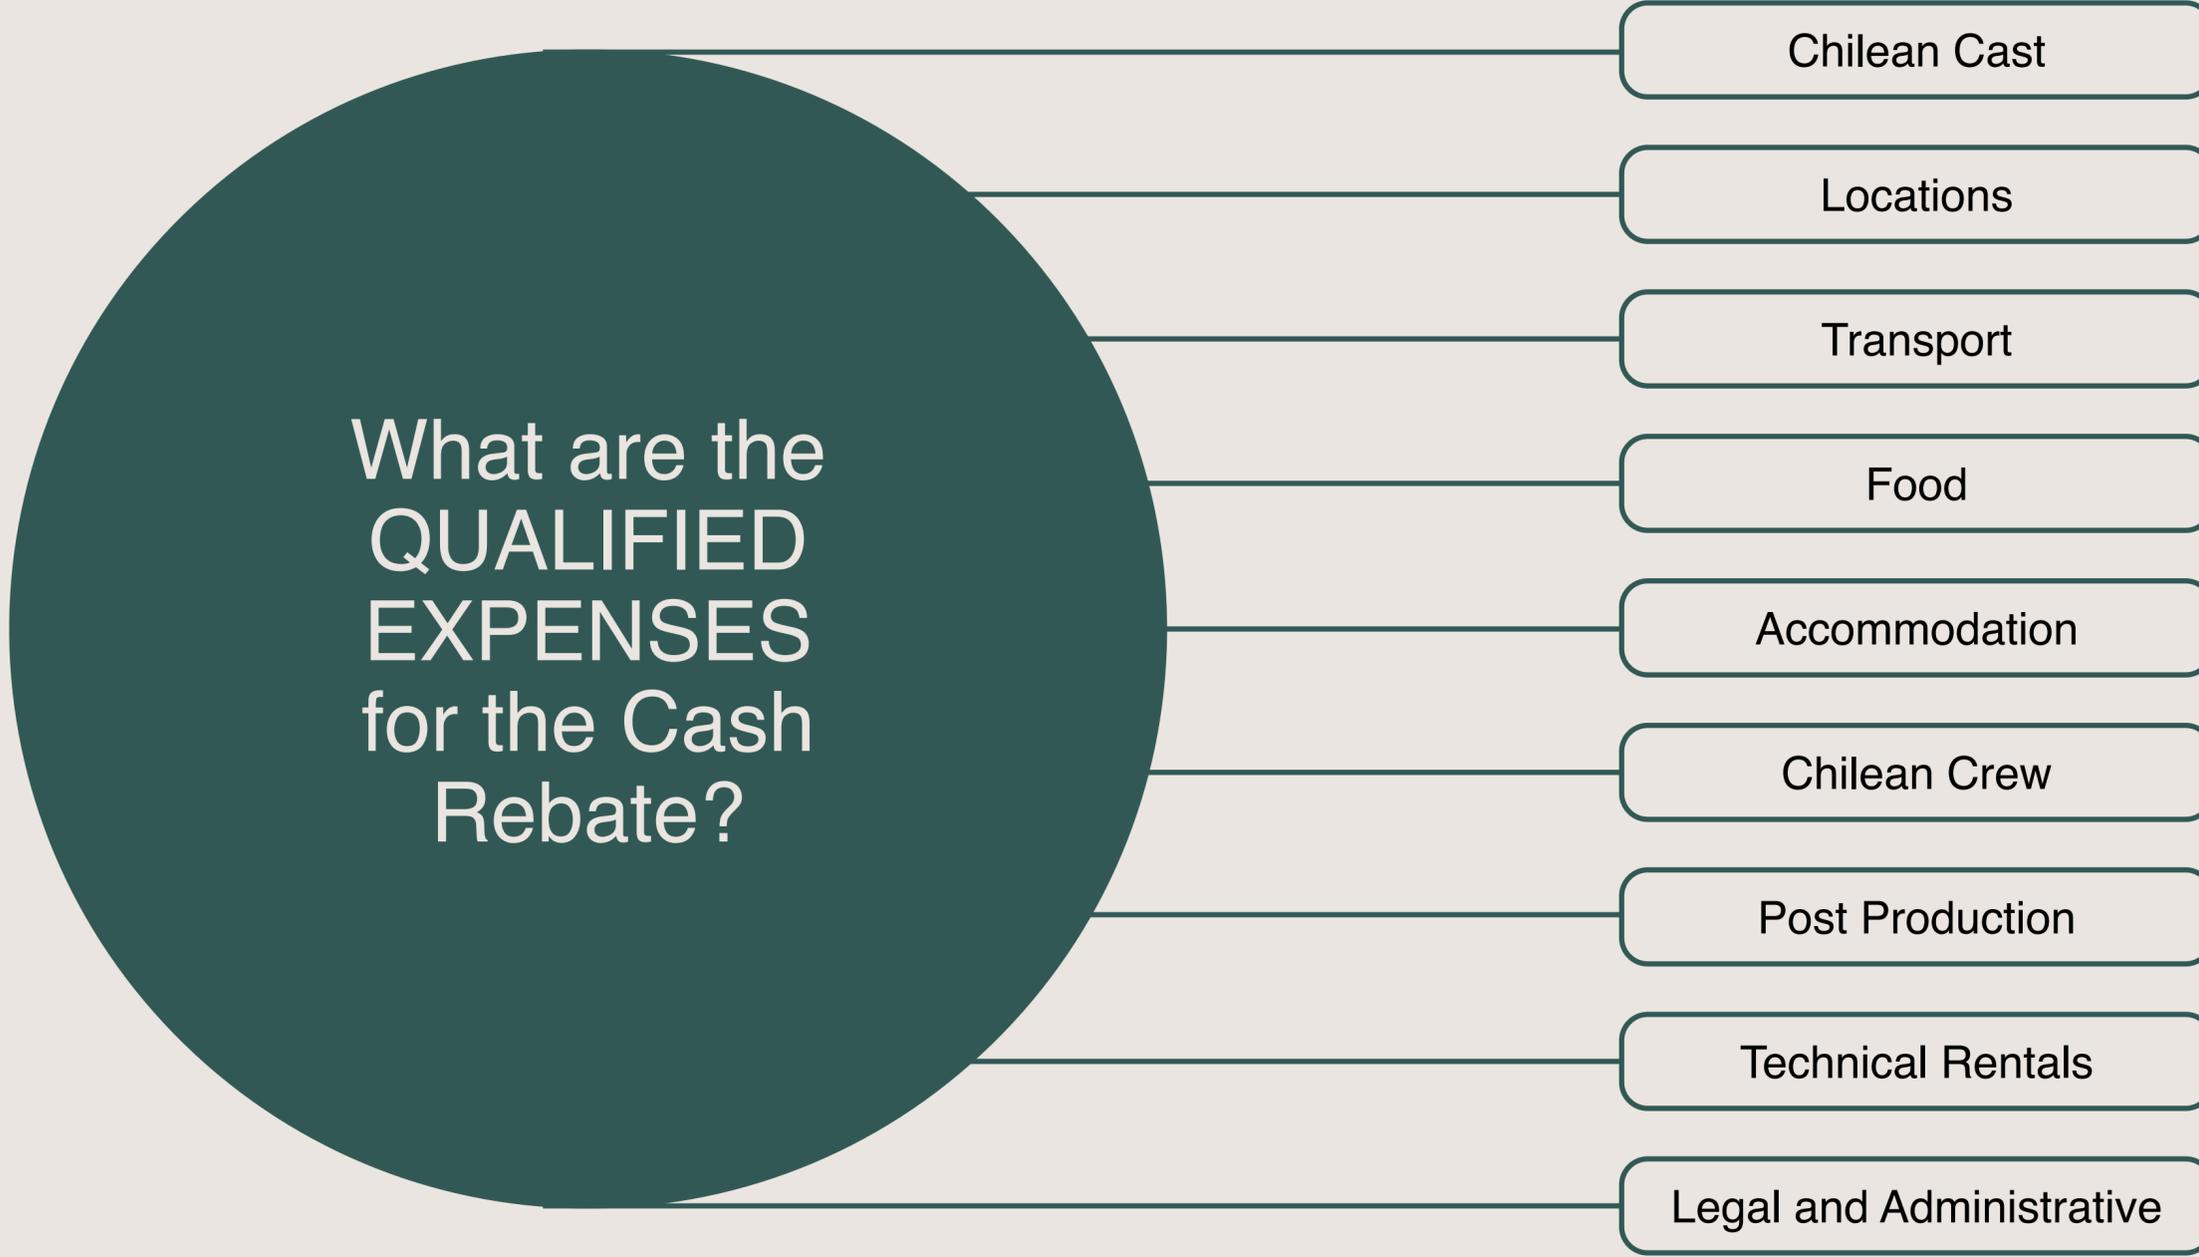

- Chile offers **economic stability**, making budget planning easier for long-term productions.
- **Reliable and predictable institutions.**
- A **committed** and accessible **institutional environment** with support for the audiovisual industry.
- **A safe country** for both human and technical teams.
- **Competitive production costs** to other countries in LATAM.

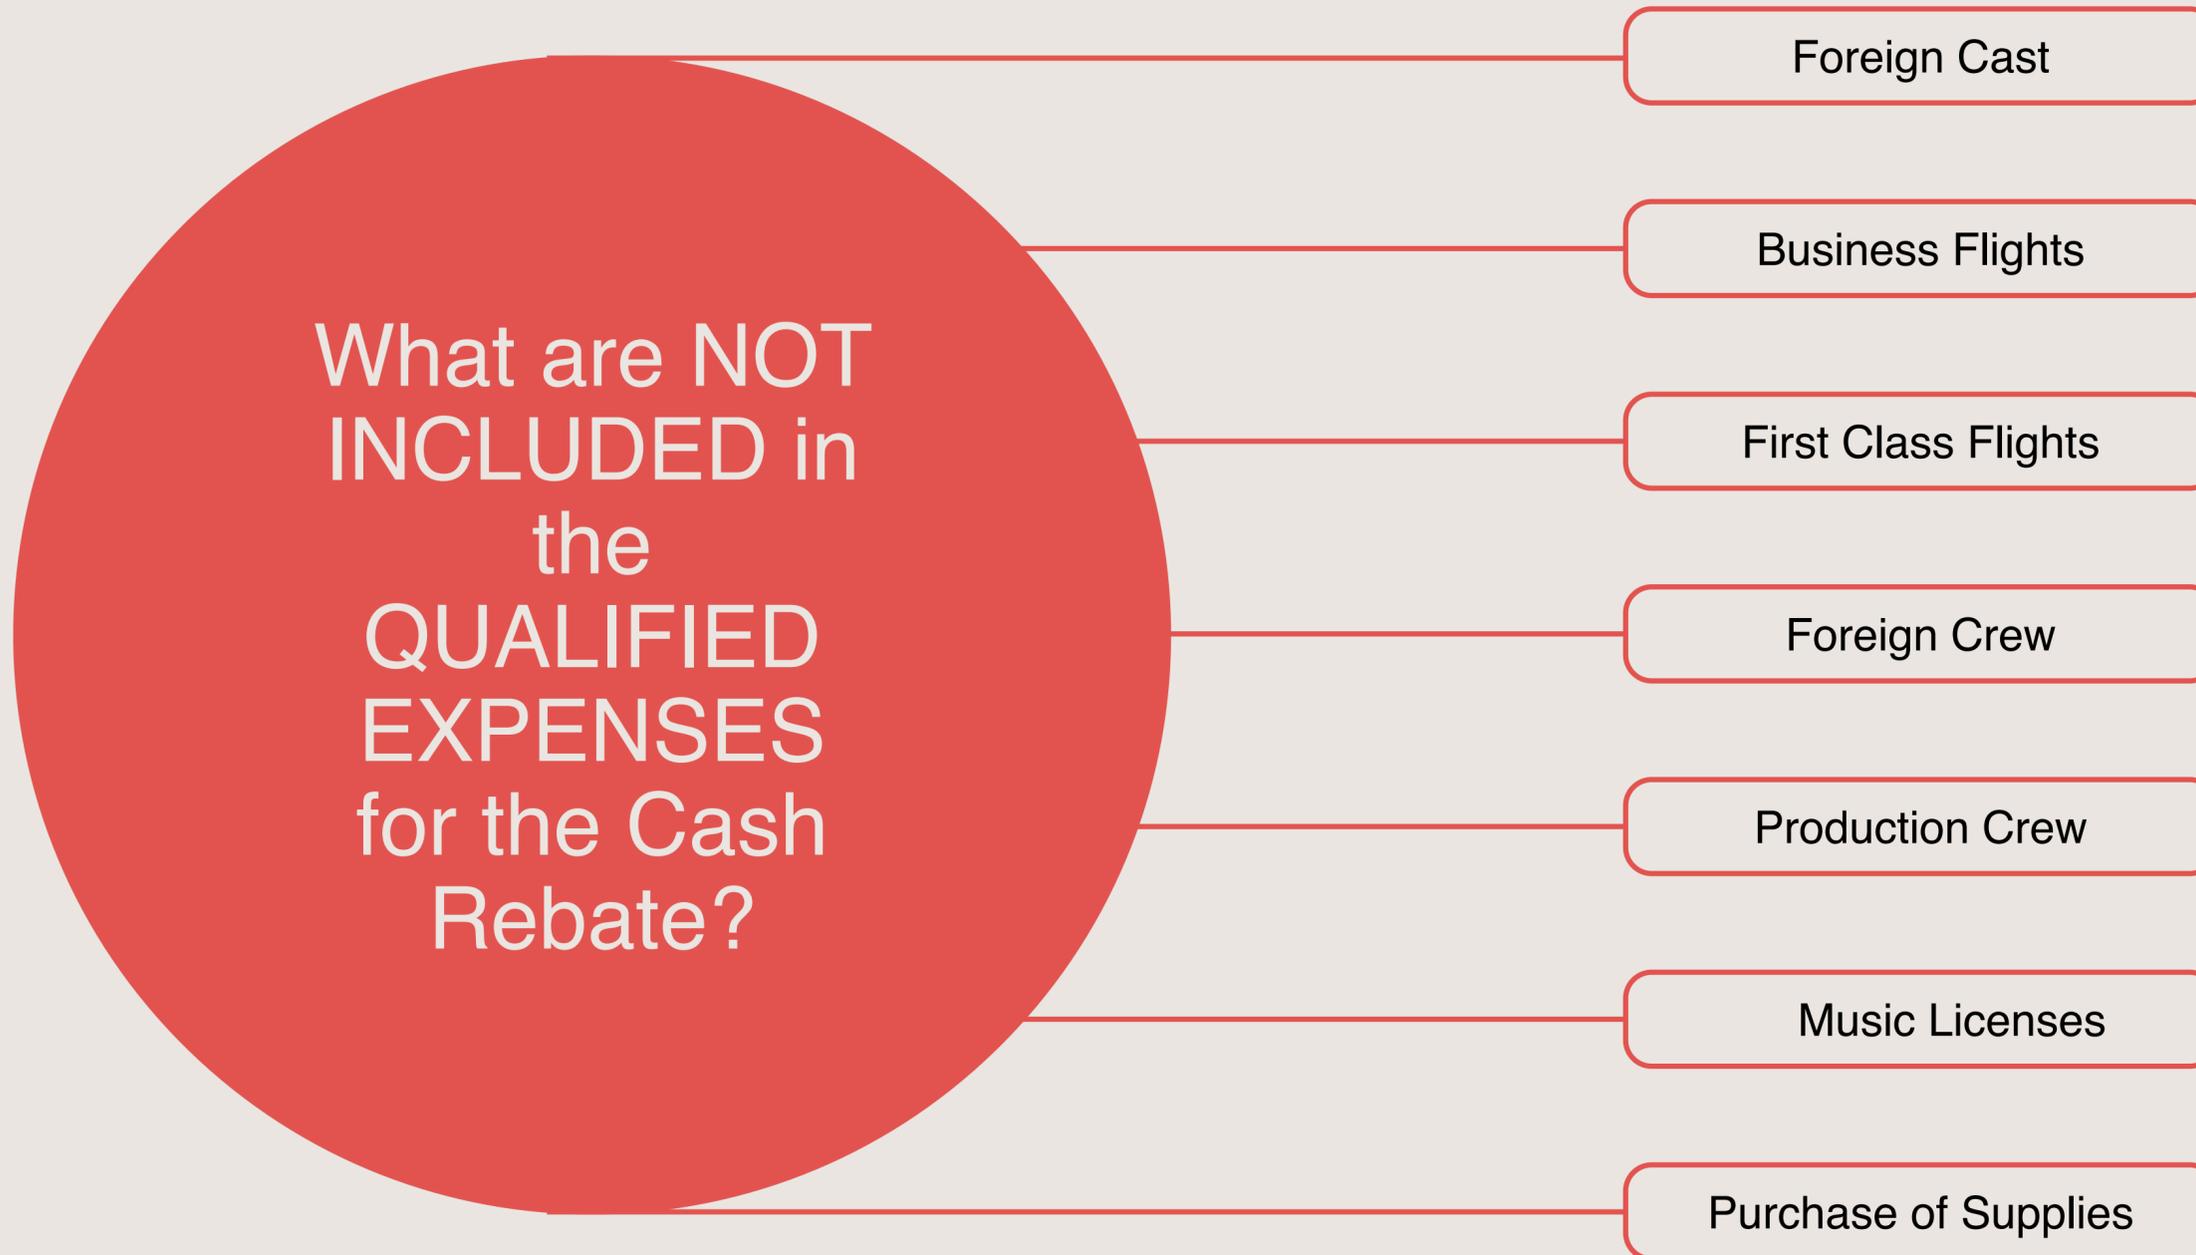

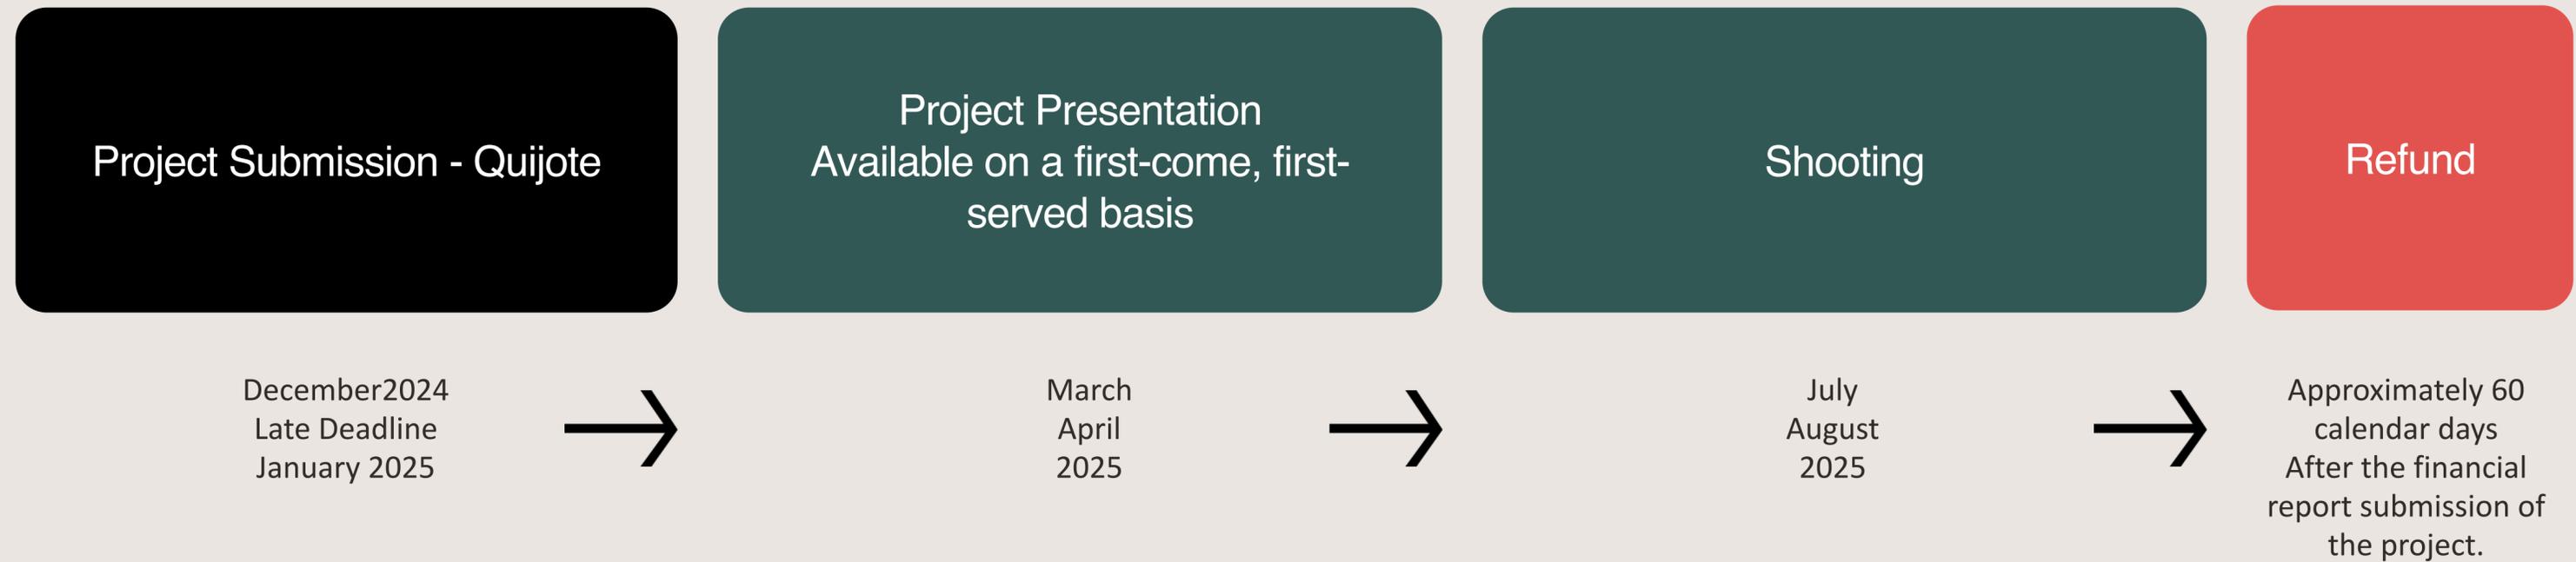

** The government has committed to lowering the minimum to 400,000 USD by the second half of 2025*

Timeline of the Processes*

*Subject to changes according to the government schedule.

IFI Key Points

Application Requirements

To apply for the **IFI incentive**, you must submit the following materials:

1. Legal background of the company
2. Production Gantt
3. Budget for the Chilean production
4. Preliminary distribution strategy
5. Project synopsis
6. CVs of the production team
7. Text outlining the project's contribution to the country's image

*The evaluation of these materials is technical in nature and not artistic or creative

Success Case 2024 “Invunche”

Genre and Creativity

Thriller/slasher directed by Rodrigo Susarte. A project that explores the horror genre with a unique and captivating twist.

International Investment

20% public funds / 80% direct investment from Grandave Capital, a U.S.-based company that believed in the potential of this Chilean production.

Support from the Audiovisual IFI

Project benefited from the Audiovisual IFI, allowing filming in the distinctive landscapes of Valdivia, southern Chile.

Success in Financial Recovery

100% recovery of the requested incentive, reflecting efficient management and an attractive return model for investors.

At Quijote Films, we are pioneers in the implementation of the Chilean Cash Rebate.

There are other mechanisms and incentives for foreign investment in Chile. We can assess whether your project is eligible.

We are a team with experience in international productions, aiming to optimize your project while always ensuring quality.
